Sir/Madam

I, have been directed to invite your attention to the subject mentioned above and to state that the Government has decided to implement of package/implant rates for providing treatment to the Haryana Government employees/pensioners and their dependents in the approved private hospitals. The package rates have been worked out for common procedures in consultation with various Empanelled Private Hospitals. This has been done for convenience of the employees as well as private Health Institutions. This measure also seeks to rationalize the charges across the various institutions. Under these new guidelines, 152 (Which includes already notified 21 packages/implants) packages major procedures including implants have been fixed. The details are given as under:-

**Guidelines for implementing of Package/Implant rates**

1. The State Government has categorized the approved private hospitals for the purpose of implementing package rates, which are explained as under:-
  - a. There are three types of rates applicable to different types of hospitals which are categorized on the basis of accreditation of hospitals namely Non-NABH/Non-JCI, NABH & JCI.
  - b. All the State Government empanelled private hospitals will charge from the employees as per the fixed package/implant rates mentioned in **Annexure-I&II** and these will be fully reimbursable to the employees/pensioners and their dependents except on few JCI package rates (**Annexure-I**) wherein the reimbursement on some of the amount will be borne by the beneficiary as mentioned against the package rates.
2. Definitions.
  - i) "Hospital": A Private Hospital approved by the State Govt.
  - ii) "Package Rate": A lump sum amount charged by the approved hospitals for packages/procedures.
